Rules & Info

We ask you to respect the campsite rules and regulations, posted on the reception wall.

Noise and disturbance

Please do not make any noise after 11 p.m. and respect everyone's sleep.

Swimming pool area

The swimming pool is not supervised and children must not be left unattended. Shoes must be kept outside and swimming shorts are not allowed. Please observe the safety instructions posted.

Games

Children must be supervised by their parents during their activities and use of the equipment. Management declines all responsibility in the event of an accident.

Barbecues

Barbecues are permitted outside the terrace and away from trees. A prefectural decree may prohibit barbecues on the campsite at any time.

Visitors

Visitors are welcome and are under the responsibility of their hosts. They must report to reception and pay the appropriate fee. Their vehicles must be parked outside the campsite. Visitors are not allowed in the swimming pool area.

Vehicles

For your safety, the speed limit within the campsite is 10 km/h. The campsite gate is open from 7.30 a.m. to 10.30 p.m. Outside these hours, vehicles must park outside. Parking on a site other than your own is not permitted and may prevent new arrivals from settling in.

Pets

Pets must be kept on a leash, identified and vaccinated. Their droppings must be collected. They must not be left alone in the accommodation or on the pitches. They must not be allowed on the beds. When you leave, please make sure there is no hair left in the accommodation. We will be more careful when checking out.

Household waste

Your garbage must be sorted and placed in the containers provided for this purpose at the campsite entrance, and glass placed in the glass container outside the campsite. You'll also find compost bins in front of the site (no biodegradable plastic bags).

Maintenance

Under no circumstances should you change your own gas cylinders. In the event of a breakdown, please notify the reception desk, who will take the necessary action.

Rental

Arrival in the chalets from 4pm and departure no later than 10am (in July and August). Outside this period, please contact the management. In each accommodation, you will find an explanatory sheet on the cleaning expected at the end of your stay.

Wifi

At La Prade campsite, we give you free access to wifi by means of a code which will be given to you at reception on request.

As part of our eco-responsible approach, our pitches are free of polluting waves, and wifi only works in the reception area, the swimming pool and the river.
